Gimme, gimme, gimme woah, woah  
Gimme, gimme, gimme

Sweet as honey, your lips I taste  
You touch my body and you've been praised  
So deep is my love for you  
Anticipating every single move

You are the one that I'm dreaming of  
Won't you stay with me tonight, baby  
You're all I want, all I'm thinking of  
Move your body close to mine

Gimme, gimme, gimme some love woah, woah  
I've been waiting forever  
Gimme, gimme, gimme some love woah, woah  
Boy, I can't wait any longer

Gimme, gimme, gimme  
Gimme, gimme, gimme

Don't you know you got me under your spell  
You drive me crazy like no one else  
One kiss and I'm hypnotized  
You're looking to me with those bedroom eyes

You are the one that I'm dreaming of  
Won't you stay with me tonight, baby  
You're all I want, all I'm thinking of  
Move your body close to mine

Gimme, gimme, gimme some love woah, woah  
I've been waiting forever  
Gimme, gimme, gimme some love woah, woah  
Boy, I can't wait any longer

Gimme, gimme, gimme  
I can't wait any longer  
Gimme, gimme, gimme

It feels so good inside I must be dreaming  
Only you can satisfy this feeling

Am I dreaming? Am I dreaming?

Gimme, gimme, gimme  
Gimme, gimme, gimme

Gimme, gimme, gimme some love woah, woah  
I've been waiting forever  
Gimme, gimme, gimme some love woah, woah  
Boy, I can't wait any longer

Gimme, gimme, gimme some love woah, woah  
I've been waiting forever  
Gimme, gimme, gimme some love woah, woah  
Boy, I can't wait any longer

Gimme, gimme, gimme some love woah  
Gimme, gimme, gimme some love woah  
Gimme, gimme, gimme some love woah  
Gimme, gimme, gimme some love woah
