Uh, gina g  
(You get me started)  
V I g  
(Get me started)

[Verse 1]

I was moving along in the city life  
Wasn't looking for love, just trying to be myself  
Without the pressure of someone else

Nothing would have convinced me that I would fall  
Not from where I was standing, no I was positive  
That I just wasn't interested

[Pre-chorus]

Didn't know it was coming until it was too late  
And like a super hero you found me  
You rescued me

[Chorus]

'Cause when I get to be next to you  
Ya get to me, yes you do  
I get to see what's for my eyes only

Shake whenever I'm next to you  
My body gets what to do  
Whatever you think will get me started

When I get to be next to you  
Ya get to me, yes you do  
And finally you can feel my heart too

You get me started

[Verse 2]

Kissing you is like candy, ooh delicious  
Lucky I didn't need some genie and three wishes  
'Cause suddenly you were standing there

[Pre-chorus]

Didn't know it was coming until it was too late

And like a super hero you found me  
You rescued me

[Chorus]

'Cause when I get to be next to you  
Ya get to me, yes you do  
I get to see what's for my eyes only

Shake whenever I'm next to you  
My body gets what to do  
Whatever you think will get me started

When I get to be next to you  
Ya get to me, yes you do  
And finally you can feel my heart too

You get me started

[Vigilante]

Uh, next to you  
How 'bout next to me?  
I'm in gina's world  
I'm the next u.p.  
Come and take these to the next room  
On a girl and 3, 2, 1  
Ya get me started  
Show me how you dumb out  
Let's get retarded  
Haha, get this freaker started  
And I'm on you, let me close your half in  
How about after the t girl meet me half way  
Call me the superman, I'm down with role play  
And I'll fly you to the heights  
Uh, lois lane

When you get to be next to me  
I get to you, yes I do  
You get to see what's for your eyes only

[Bridge]

Something in me wants to try  
And run and hide away but I will stay here  
Because like the sky and in love it goes on and on  
(And on and on and on)  
You get me started  
(And on and on)  
You get me started  
(And on and on)  
You get me started  
(And on and on)  
You get me started  
(And on and on)

(And on and on)

[Chorus]

'Cause when I get to be next to you  
Ya get to me, yes you do  
I get to see what's for my eyes only

Shake whenever I'm next to you  
My body gets what to do  
Whatever you think will get me started

When I get to be next to you  
Ya get to me, yes you do  
And finally you can feel my heart too

You get me started  
You get me started
