mmm come on
yeah
come on
oooh
mmm oooh yeah yeah
uh uh ah ah

when Iâ€™m with you, you know you make my days
so beautiful with your different ways,
you make me lighter, Iâ€™m movinâ€™ with the wind,
love, you know what you got for me, I got for you too,
we can't pretend

[chorus]:
give me another chance to breathe in
you got all the things Iâ€™m needinâ€™
together we're just so complete,
u must be the reason Iâ€™m alive

give me another chance to breathe in
you got all the things Iâ€™m needinâ€™ (all the things I
need)
together we're just so complete,
u must be the reason i'm alive, ooh alive (put it on me)

it's all so new, it's so familiar (so familiar)
every time Iâ€™m next to you I feel something like
forever
yes that's right, come on and talk to me, (come on talk
to me)
and some of that sweet poetic love fall over me

give me another chance to breathe in
you got all the things Iâ€™m needinâ€™ (you got all the
things I need)
together we're just so complete,
u must be the reason Iâ€™m alive

give me another chance to breathe in (another chance
to breathe in)
you got all the things Iâ€™m needinâ€™ (you got all the
things I need)

together we're just so complete,
u must be the reason i'm alive

give me another chance to breathe in
you got all the things i'm needin' (ooh)
together we're just so complete, (ooh)

all this time I've been looking for someone like you,
I never really thought you existed

now I see my dreams are all coming true,
I just want to stay right here with you

[rap]

you said I want fresh air for the birth of your new eyes
I say it lasted sun bright enlightening my skies today
we got together to create a new world
only a real man can understand the gift of this girl,
bells are ringin' 'cuz what you bringin' has got me
singin'
now i can breathe in you're all i'm needin'
love is a-breezin' spring is the season
I'm feeling so alive inside and you must be the reason

ooh all this time I've been looking for someone like
you,
I never really thought you existed,
now I see my dreams are all comin' true,
I just want to stay right here with you

give me another chance to breathe in (ooh cure? me)
you got all the things i'm needin' (all your lovin'
baby)
together we're just so complete, (you know that I love
you, you got me)
u must be the reason I'm alive (all the way)

give me another chance to breathe in (ooh baby you
got me)
you got all the things I'm needin' (you all the things I
need)
together we're just so complete, (baby)
u must be the reason I'm alive (you know I love ya, I
love ..)

give me another chance to breathe in, (love ya baby
yeah)
you got all the things I'm needin' (yeah yeah)
together we're just so complete,
u must be the reason I'm alive

I feel so alive with you, hey,
I feel so alive, I feel so alive with you
