come strange boy
turn down the machines
when the wheel turns slow
when the wheel turns slow

now you must take the copper
of your curls in your hands
if the feeling is low
if the feeling is low

with your mind at the races
and your heart on the moon
in the reeling of dawn
in the reeling of dawn

there is a light with a meaning
that makes your black eyes blink
that's where the feeling is from
that's where the feeling is from

strangeboy
strangeboy

for every you there's a strangegirl
who was born on the day
that the devil's forgotten
so your lover was made

with her hair that is golden
and her eyes tourmaline
and a voice to remind you
that there only is feeeeeeeeeeeeling

you're a knight that has fallen
off his horse made of glass
until the feeling gets better
until the feeling gets better

off the road to tulula
with its sidewalks of sand
that's where the feeling has gone
that's where the feeling has gone

for every you there's a strange girl
who was born on the day
that the devil's forgotten
so your lover was made

with her hair that is golden
and her eyes tourmaline
and a voice to remind you
that there only is feeeeeeeeeeeeling

and her feeling is strong
and her feeling is strong

now the feeling is on
now the feeling is on

yes your feeling is on
now your feeling is on.
