I've been waiting
For a hero who's brave and strong-
Someone to love me,
Someone to tell me I belong,
So I pretend I'm satisfied,
And I stand watching on the sidelines,
Till You pull me into the light
And say, "It's Your turn now,
Welcome to your life!"

(Chorus)
And You call me beautiful,
And say You've loved me all along,
And You've always held the keys to unlock my soul
Oh You call me beautiful

There's a smile on my face,
And a brand new light in my eyes,
It's a new day,
And I've never felt so alive-
I feel as if I could conquer anything,
Oh that's what Your love has done for me,
And now all I want to be,
Is everything You want me to be-

(Chorus)
And You call me beautiful,
And say You've loved me all along,
And You've always held the keys
To unlock my soul, But I didn't know-
Now I can finally start to live,
Take those chances I have missed,
Things will be much different,
Now that I know
You call me beautiful

(Bridge)
The story is better than I could dream after all,
Now this is reality
To know You and to hear You call me beautiful
Call me beautiful-
Now I can finally start to live,

Take those chances I have missed,
Things will be much different,
Now that I know-
Now that I know
You call me beautiful
