Sits on the front porch all day long  
Watching the sidewalk and the front lawn  
Lends a hand to any body she meets  
Don't walk on the grass with your bare feet  
Fat cat  
Talkin' 'bout that fat cat  
Shake it like this  
Sho' 'nuf shake it like that

She's forty six pounds, grey and white  
When she starts shakin', Lord what a sight  
All that fur goes 2 feet wide  
She's got Goodyear written on her side  
Fat cat  
Talkin' 'bout that fat cat  
Shake it like this  
Sho' 'nuf shake it like that

Walkin' down the street you can hear the sound  
Of her big floppy butt just flopping around  
Breathes pretty heavy every now and again  
She's my favorite furry friend  
Fat cat  
Talkin' 'bout that fat cat  
Shake it like this  
Sho' 'nuf shake it like that  
Shake it like this  
Sho' 'nuf shake it like that  
Shake it like this  
Sho' 'nuf shake it like that
