Can you keep up? Can you compete?
You tip and you toe to the middle
Of where we meet, of where we meet

And you're all ears and I'm all eyes
You take the lead and I'll take off
My disguise, my disguise, yeah

Why you dressing up tonight?
We don't need money to kill the lights
And why you talking over it?
I don't need words to feel those lips

And I love how you're up for it
Anything we want is in our grip
It seems to me that we could be
Dressed up to undress

You pick me up, I'll take you down
I'll tip and I'll toe to the back
Of your mind somehow, somehow

If I confess would you come clean?
You'll take off the mask and we'll live
Like royalty, like royalty

Why you dressing up tonight?
We don't need money to kill the lights
And why you talking over it?
I don't need words to feel those lips

And I love how you're up for it
Anything we want is in our grip
It seems to me that we could be
Dressed up to undress

How long till dawn?
I'm all for taking you on
How long till dawn?
I'm all for taking you on

Why you dressing up tonight?

We don't need money to kill the lights
And why you talking over it
I don't need words to feel those lips

And I love how you're up for it
Anything we want is in our grip
It seems to me that we can be
Dressed up to undress
