Oh god, I already forgot your name  
But a name's just a string of letters  
Put together, so clever.

Oh God, I thought that I found God in your name  
It's upsetting, but the setting has changed  
We're never gonna be the same

If you look everybody here is trying on new faces  
And the ones that fit are surprisingly contagious  
With a shiny new beginning we cordially invite you to,  
Into the dressing room,  
Into the dressing room, (Woah, oh)  
Into the dressing room.

Oh God, it seems that I misplaced your secret  
But I can see what it does, how it lights you up  
Oh God, it seems I've had some better days  
Keep it steady cause your losing the pace  
We're never gonna be the same

If you look everybody here is trying on new faces  
And the ones that fit are surprisingly contagious  
With a shiny new beginning we cordially invite you to,  
Into the dressing room,  
Into the dressing room, (Woah, oh)  
Into the dressing room.

[Screaming:]  
Don't spill your guts 'cause that's a mess that no one  
wants to clean up  
This is enough, my heart is stuck, this feelings  
breaking me up (x2)

Look everybody here is trying on new faces  
And the ones that fit are surprisingly contagious  
With a shiny new beginning we cordially invite you to,  
(Woah, oh)  
To the dressing room,  
Into the dressing room,  
Into the dressing room.  
Woah, oh, oh.
