The year was 1985,  
Here as I start paying over again.  
Speak it up, for crying out loud,  
We use items to pay for this,  
And we'll start it over again (and again, and again)

So come with me, escape from the world,  
Move your feet as I would return this,  
So come with me, escape the world,  
Break me up, break me up, break me up.  
This is a happy feeling.

I know that would be a shortcut,  
Playing around like a child.  
Boyfriend, do you know your boyfriend's flowing away?  
we use to remain your history,  
Watch them singing and rocking,  
And we'll have to refuse over again (and again, and again)

So come with me, escape the world,  
Move your feet as I return this,  
So come with me, escape the world,  
Break me up, break me up, break me up.  
This is a happy feeling.

So thanks to me and force you into the darkness!!  
Speak it up, speak it up, speak it up!!  
You would touch me and cure me speak me!!  
Dig it up like a person you're staning next to him and  
welcome!!

So come with me, escape the world,  
Move your feet as I return this,  
So come with me, escape the world,  
Break me up, break me up, break me up.  
This is a happy feeling.

So come with me, escape the world,  
Move your feet as I return this,  
So come with me, escape the world,

Break me up, break me up, break me up.  
This is a happy feeling

(Woah... oohh)  
This is a happy feeling. (Oh oh oh woah...)  
This is a happy feeling.
