Through the consequence  
Through the consequence  
Through the consequence (disco disco)  
Have you ever danced?  
Have you ever danced?  
You ever danced that disco shit?

(disco disco)

I'm unwrapping my skin  
It's under control  
I'm my own next victim  
I want you to know

Wear my disguise, inside the masquerade  
As I plan my, I plan out my escape  
I don't want money  
Just remember my name  
The red lights on

My name is Romance  
My name is Romance  
My name is Romance (disco disco)  
Have you ever danced?  
Have you ever danced?  
You ever danced that disco shit?  
Leave it up to dance  
Leave it up to dance  
Leave it up to dance (disco disco)  
Have you ever danced?  
Have you ever danced?  
You ever danced that disco shit?

I traded my eyes in for velvet and gold  
Our lips open wide and don't let me go

Take off the mask  
And live like royalty  
It's all I have  
From here to infinity  
We try not to hide  
No I just can't resist

No I just can't resist

If you want a taste  
Then come take a bite  
You wanna hate me  
Theres no room to fight  
I'm dressed to impress  
But who gives a fuck?  
I'll give you a show  
My fame you will suck  
Knee pads and diamonds  
I can't help myself  
Sprinkle some sugar  
It can't eat itself  
I'll kill you with kindness  
And murder your face  
Your outline in chalk  
The last thin you'll taste

Did we enjoy ourselves, when we destroyed ourselves?  
Whatever happens, we're fine  
We're on our last life, we'll make no compromise  
Whatever happens, we're fine

Did we enjoy ourselves, when we destroyed ourselves?  
Whatever happens, we're fine  
We're on our last life, we'll make no compromise  
Whatever happens, we're fine

Have you danced that disco shit?  
Have you danced that disco shit?  
Have you danced that disco shit?  
Disco shit?

Through the consequence  
Through the consequence  
Through the consequence. (disco disco)  
Have you ever danced?  
Have you ever danced?  
You ever danced that disco shit?

My name is Romance  
My name is Romance  
My name is Romance (disco disco)  
Have you ever danced? Have you ever danced?  
You ever danced that disco shit?  
Here it comes again  
Here it comes again  
Here it comes again (disco disco)  
Have you ever danced? Have you ever danced?  
You ever danced that disco shit?

I'm unwrapping my skin  
It's under control  
I'm my own next victim  
I want you to know  
I traded my eyes in  
For velvet and gold  
Our lips open wide
