Here's to you, glorify my darlings  
Are you satisfied?  
Here's to you, criticize my darlings  
Are you satisfied?

You're buildin' me up just to break me down  
You're bein' loud without a sound  
You paste me in just to cut me out  
Hello fascination

You've dug my grave but I pushed you in it  
I didn't give life to you but you took it from me  
But now I'm taking it back  
I know you wanna push me

Here's to you, glorify my darlings  
Are you satisfied?  
Here's to you, criticize my darlings  
Are you satisfied?

You're buildin' me up just to break me down

You're bein' loud without a sound  
You paste me in just to cut me out  
Hello fascination

You're questioning the answers  
Of the faith you've put in me  
You're questioning the answers  
Of the faith you've put in me

You've dug my grave  
You've dug my grave

You're buildin' me up just to break me down  
You're bein' loud without a sound  
You paste me in just to cut me out  
Hello fascination

You're buildin' me up just to break me down  
You're bein' loud without a sound  
You paste me in just to cut me out

Hello fascination

Hello fascination

You're buildin' me up just to break me down

Hello fascination
