This is my last chance to ask,  
for permission  
This condition can't be fixed,  
with a prescription  
And don't you love the way it stings,  
humiliation  
And don't you know control requires,  
my submission

So, now your just in time to throw out  
my automatic world  
Takes, non-believers and turns tables around.  
So, now the walls you built I'll take, down,  
your automatic world  
Makes running easy and turns tables around.

This is your last chance to make,  
a confession  
I'll wear you around my neck,  
my possession  
Oh how I love the way you taste,  
my obsession  
And don't you know control requires,  
no exception

So, now your just in time to throw out  
my automatic world  
Takes, non-believers and turns tables around.  
So, now the walls you built I'll take, down,  
your automatic world  
Makes running easy and turns tables around.  
So, now your just in time to throw out  
my automatic world  
Takes, non-believers and turns tables around.  
So, now the walls you built I'll take, down,  
your automatic world  
Makes running easy and turns tables around.

When your \*\*\* ready  
I'll let myself confess, the more you push it down,  
the more you make a \*\*\* mess.  
And it's \*\*\* ugly

But I just can't resist, the more you push it down,  
the more you make a \*\*\* mess.

So, now your just in time to throw out  
my automatic world  
Takes, non-believers and turns tables around.  
So, now the walls you built I'll take, down,  
your automatic world  
Makes running easy and turns tables around.

So, now your just in time to throw out  
my automatic world  
Takes, non-believers and turns tables around.  
So, now the walls you built I'll take, down,  
your automatic world  
Makes running easy and turns tables around.
