I'm reaching for the floor  
Going down, with you.  
It's over.

I'm reaching for the floor  
Going down, with you.  
It's over.

I'm reaching for.

I could swim to shore,  
Or go down for more.  
The way you're saying my name,  
I could get carried away.  
I could drown in you,  
Say you want me too.  
And I'll go in all the way  
If you can carry the weight.  
I, I, I get so lost in you.  
Di-i-ive down so deep into  
You.

I'm reaching for the floor.  
Going down, with you. (you)  
It's over.  
I'm reaching for the floor.  
Going down, with you. (you)  
It's over.  
I'm reaching for.

Ooh, oh. hey!  
Ooh, oh. with you.  
Ooh, oh, and it's over.  
I'm reaching for.

Heavy hearts, unfold.  
Can we lose control?  
And when you're screaming my name,  
I get so carried away.  
On the ocean floor, when we're all alone.  
Anything goes when nobody knows.  
I, I, I get so lost in you.

Di-i-ive down so deep into,  
You.

I'm reaching for the floor  
Going down, with you. (you)  
It's over.  
I'm reaching for the floor.  
Going down, with you. (you)  
It's over.  
I'm reaching for.

Ooh, oh. hey!  
Ooh, oh. with you.  
Ooh, oh, and it's over.  
I'm reaching for.  
Ooh, oh. hey!  
Ooh, oh. with you.  
Ooh, oh, and it's over.  
I'm reaching for.

(And we go down, and we go down, and we go down,  
and we go.)

I'm reaching for the floor.  
Going down, with you.  
It's over.  
I'm reaching for the floor  
Going down, with you. (you)  
It's over.  
I'm reaching for the floor.  
Going down, with you. (you)  
It's over.  
I'm reaching for.

Ooh, oh. hey!  
Ooh, oh. with you.  
Ooh, oh, and it's over.  
I'm reaching for.  
Ooh, oh. hey!  
Ooh, oh. with you.  
Ooh, oh, and it's over.  
I'm reaching for.
