Well bring on the band
And the melody man
Let the mockingbirds sing along
Its a wonderful life
And the night is young

Well ladies and gents
The gala presents
A symphony in disguise
Its a wonderful thing
The clouds in your eyes

Ill do my song and dance for your this night
Ill sing you things you came to hear
Ill do my song and dance for you this night
Id walk a mile to see you cheer

Well life is a song
That goes on and on
From pittsburgh to peru
Its a wonderful world
Here with you

Ill do my song and dance for your this night
Ill sing you things you came to hear
Ill do my song and dance for you this night
Id walk a mile to see you cheer

This is my song and dance for you this night
Ive walked a mile to see you cheer
