Cant stand this silence any more Im dying
The words no sooner leave my lips
Im out of your life in the beat of a heart
It was selfish it was cruel undeniably uncool
Have your way with me
Slap me twice across the face once for a stolen
embrace
Once more for honesty

They say the truth will set you free
Its true for some but not for me
No sorry on earth is sorry enough
To win back the heart of a woman crossed in love

Call me shameless I don't care I love you
Desperate measures for desperate times
So much for the sway of a kiss
Darling here I am your ever-loving man
In his darkest hour
Had I known it meant goodbye I would have sooner
lived a lie
Than live without you girl

They say the truth will set you free
Its true for some but not for me
No sorry on earth is sorry enough
To win back the heart of a woman crossed in love

So it's over like that pack you bags your coat and hat
End of story
Before I fade away hear me when I say
Baby Im sorry

They say the truth will set you free
Its true for some but not for me
No sorry on earth is sorry enough
To win back the heart of a woman crossed in love

No sorry on earth is sorry enough
To win back the heart of a woman crossed in love
