Respirators ventilators
High and holy legislators
Give me agony
Pure agony
Vegetation indignation
Endless one-way conversation
Aint living to me

And when I lose all my self-reliance
Dont keep me hooked up to no appliance

Dont keep me (if you love me)
Yeah dont keep me
Alive by science

I hear an angel banging on my door
Big daddy on the top floor
Shouting free
You gotta be free
This is my life cest mon affiare
Fat ladys singing
I dont stand a prayer
Now be a love and pull the plug on me

Now babe if you be true to our aliance
Please dont pump my lungs without my compliance

Dont keep me
Yeah dont keep me
Alive by science

And when I lose all my self-reliance
Dont keep me hooked up to no appliance

Dont keep me
Yeah dont keep me
Alive by science

I beg you bady dont keep me (alive by science)
Yeah baby dont keep me (alive by science)
Oh baby dont keep me (alive by science)
Aw baby dont keep me (alive by science)

Oh dont keep me (alive by science)
Shoo bop oh bo de oh yeah (alive by science) family
members mortgage lenders give me agony (alive by
science)
Im stuck in bed seeing red (alive by science)
Blood flows but my brian is dead (alive by science)
To be or not to be (alive by science)
Baby dont keep me (alive by science)
Dont you dare keep me (alive by science)
