Appaloosa, runnin wild in the dead of the night
Appaloosa, you're the message of love and light

Apparitions, they grow wild in the plains of my mind
I get visions of the mountain that I must climb

Freedom aint no illusion
A truth no money can buy
With your sweet absolution
I will follow my star
For the rest of my life
It goes on and on

Appaloosa, runnin high in the heavens above
Appaloosa, you're the angel of God I love

Freedom aint no deception
A truth no man can deny
With your love and direction
I will follow my star
For the rest of my life
It goes on and on

Appaloosa, appaloosa, appaloosa, appaloosa
Appaloosa, runnin wild in the wake of the dawn
Appaloosa, you're the spirit that turns me on

Appaloosa, appaloosa, appaloosa, appaloosa
