Im gonna wait till the sun comes out and
Im gonna wait till you come and shout it
Cherizar
Cherizar no matter where you are
Cherizar youll always be my star
Cherizar no matter what you are
Cherizar Ill always be your darlin

Im gonna wait till the sun comes out
Im gonna wait till you come and shout it
Were gonna kiss till the moon is drunk and
Were gonna love till noon has sunk it

Cherizar your heart is lonely
Though your first love not for me
Cherizar
Cherizar
Cherizar no matter where you are
Cherizar
