"Hollywood Holiday"

I rode my motorcycle through a watermelon patch
Right on the california freeway
I took my holy Bible on my blessed boogie woogie drive
Cause I know I know I know
Where I go oh lord they're gonna bless me jive

Poor you poor me
Poor everybody who buy to be
Poor me poor you
Poor everybody who die to do

I parked my motorcycle on hollywood and vine
And sang till my red blood turned boiling blue
I took my sole survival and bore my cross on a string
Cause I know I know I know
What I dear I bear my charm to king

Poor you poor me
Poor everybody who buy to be
Poor me poor you
Poor everybody who die to do
