You go through the motions
Of a woman in love
Every kiss is a token
Every sigh is a bluff

Words confuse me but I see it in your eyes
You try not to show it
But any fool would know it

Its over its over this love is ending
Its over its over theres no use pretending

I see through your make up
Youre not quite yourself
Dont you know that your games up
I know theres somebody else

You tell me Im crazy and that Im still the only one
Well maybe Im dreaming
But I know what Im feeling

Its over its over this love is ending
Its over its over theres no use pretending

You fake your way through the night time
But even your best is less than before
cause you dont care anymore

You tell me Im crazy and that Im still the only one
Well maybe Im dreaming
But I know what Im feeling

Its over
Its over
Its over theres no use pretending
Its over
