Love of my life
Take my heart take my soul
Take what you need
Love of my life
Don't you know Im just a fool for a good womans greed

You broke the wings of a weary vagabond
And Im stranded on the island of your love
You are the fruit of my amazon
Love of my life Im no good on my own

Love of my nights
Take my pride take my flesh
Take all my blues
Love of my life
Don't you know my lifes a bore
When there's nothing to lose

I am the prisoner of your paradise
Sunken in the bayou of your love
I make this sensual sacrifice
Love of my life
For the good of my own
Love of my life
Im no good on my own

Love of my life
Take my heart take my soul
Take what you feel
Love of my life
Don't you know Im just a man
For a woman whos real

Love of my life
Love of my life
Love of my life
