Jack my friend, hes a busy man
Trying to hustle an easy buck instead of a good mans
dollar
Oh jack my buddy hes so goddamn full of money
Workin for a funny company for his father

He got a black satin shirt best you could buy
And a big fat straw hat to match his white tie
And a shiny thirty-eight thatll look you straight in your
eye

Jack miraculous he was a sure spectacular
The son of a new york gun
Look out jack ...

He got a black satin shirt best you could buy
And a big fat straw hat to match his white tie
And a big twenty-two thatll make you do what he want

Jack miraculous he was a sure spectacular
The son of a new york gun
Look out jack ... jack miraculous
The son of a new york gun
Look out jack
