Respirators, ventilators  
High and holy legislators  
Give me agony, pure agony  
Aah, vegetation, indignation  
Endless one-way conversation  
Ain't living to me, yeah

And when I lose all my self-reliance  
Don't keep me hooked up to no appliance

Ooh, don't keep me if you love me  
Don't keep me alive by science  
Alive by science

And I hear an angel banging on my door  
Big daddy, on the top floor  
Shoutin' free, you gotta be free  
This is my life cest mon affiare  
Fat lady's singin', I don't stand a prayer  
Now, be a love and pull the plug on me

Now babe, if you be true to our alliance  
Please don't pump my lungs without my compliance

Yeah, don't keep me  
Oh, don't keep me  
Alive by science  
Alive by science

Ooh, and when I lose all my self-reliance  
And don't keep me hooked up to no appliance

Aah yeah, don't keep me  
Yeah, don't keep me  
Alive by science  
Alive by science

Yeah, I beg you baby, don't keep me  
(Alive by science)  
Baby, don't keep me  
(Alive by science)  
Oh, don't baby, don't keep me

(Alive by science)

Yeah, oh, baby, don't keep me

(Alive by science)

Oh, don't keep me

(Alive by science)

Oh, yeah

Family members mortgage lenders give me agony

(Alive by science)

I'm stuck in bed seeing red blood flows but my brain is  
dead

(Alive by science)

To be or not to be

(Alive by science)

Baby, don't keep me

(Alive by science)

Don't dare and keep me

(Alive by science)
