I was lost then I was found, your love has turned my life
around

You gave me hope when hope was running low
I was dead now I'm alive, your faith allowed me to
survive

You touched my life when I was touch and go

And I tripped the light fell into a trance
I tendered the song in my soul for dime and dance
A line of tears a stash of shame
A fool lost in a losing game this whole life through 'til
there was you

I was lost then I was found, your love has turned my life
around

You gave me hope when hope was running low
I was dead now I'm alive, your faith allowed me to
survive

You touched my life when I was touch and go

I lost my heart, my head my, watch and my will
Enchanted by lawyers in love and a little white pill
A king, a clown, a falling star for rich, for poor still
there you are
God only knows, well, I love you so

I was lost then I was found, your love has turned my life
around

You gave me hope when hope was running low
I was dead now I'm alive, your faith allowed me to
survive

You touched my life when I was touch and go, hey

A king, a clown, a falling star for rich, for poor still
there you are

A rush, a ride, a rock, a rave, a dead man walking on
the waves

A life that only love could save

I was lost then I was found, your love has turned my life
around

You gave me hope when hope was running low

I was dead now I'm alive, your faith allowed me to
survive
You touched my life when I was touch and go

I was lost then I was found, your love has turned my life
around
You gave me hope when hope was running low
I was dead now I'm alive, your faith allowed me to
survive
You touched my life when I was touch and go
