You know what baby? I'm so glad that you're mine
And I'm yours, I thank God for you
And you just make me better, you're my betta half

Who loves me like you do?
Oh baby baby
Who loves me like you do?

Listen baby, there just ain't another way for me to say it
How much I thank the Lord for you
I know I would have never seen the light of day
Without your strength to guide me through

You are my homie, my best friend, my lover, my dime
To show you what I'm feeling, and let you know it's real
There is no mountain I won't climb

It hurts me, just to know your hurting
It kills me, just to know your sad
You're all I need, you're more than just a friend to me
You're everything, 'cause you're my betta half

There just ain't a thing that I won't do for you
You are my light, my inner soul
Without you here, I'd lose my life and all it is
Without your love I'll lose control

How can I explain, words just can't describe
Gotta tell you though, can't think about my pride
You were meant for me, you are a gift from God
You're the seed of my soul, you're my young when I'm
old, oh no

It hurts me, just to know you're hurting
It kills me, just to know your sad
You're all I need, you're more than just a friend indeed
You're everything 'cause you're my betta half

Ain't nobody else gon' love me like you love me
And I'm sure of it 'cause your my betta half
Ain't nobody else gon' treat me like you treat me
And I'm sure of it 'cause your my betta half

You put up with the hard times, you put up with the sad
times
And you've proving you love me
Girl I love you, this is so true, you're the best girl, do
you hear me?
And I'm ready for change girl

It hurts me, just to know you're hurting
And it kills me just to know you're sad
You're all I need, you're more than just a friend indeed
You're everything 'cause you're my betta half

It hurts me, just to know you're hurting
It kills me, just to know you're sad
You're all I need, you're more than just a friend indeed
You're everything 'cause you're my betta half
