Can you tell it's me

Aww yeah baby  
I can't just... I just can't believe this  
Can't you tell it's me  
Ooh ooh, wha wha  
Can't you tell it's me  
Ooh ooh

I can be to you exactly what you want him to be  
I don't wanna just be your friend  
I wanna be there till the end

Obviously he doesn't realize the woman he has  
Baby I'm standing here right now  
So won't you let him be your past

There's so much I want to say  
I'll buy you diamonds from your neck to your wrist baby  
Yeah yes princess cause you the shit baby

All you need is here with me  
Check it out, drop top your hair blowin to the wind baby  
Next day get up and do the same thing baby

Look, look deep within me (mm mm)  
Your all that I ever want  
All I ever need (all I need)

Girl can't you tell it's me  
Your all that I ever want (all I need)  
All I ever see (oh oh)

Girl I know you loved him but it's time that you moved  
on  
Can't tell that's what he did  
And he left you all alone

You deserve the best in life and that's what I plan to  
give

You can best believe I will  
I'ma show you how I live

There's so much that I wanna say  
I'll buy you diamonds from your neck to your wrist baby  
(there's so much that I wanna say)  
I figure yes precious cause you the shit baby (oh yeah)

All you need is here with me (check it)  
Drop top your hair blowin to the wind baby  
Next day get up and do the same thing baby (all you  
need is in me)

Look look deep within me  
Your all that I ever want (all I ever want)  
All I ever need (all I ever need)

Girl can't you tell it's me (can't you tell it's me)  
Your all that I ever want (all I ever want)  
All I ever see (oooh)

Look look deep within me (look within me)  
Your all that I ever want  
All I ever need (all I ever ever ever ever ever ever need)
