Here we go once again, you and me  
Fighting about something that really don't matter  
How come we can never just talk?  
You've always gotta make something bigger  
When something so small

And I can't take it no more  
Gotta go get me a drink, I need some time to think  
And then clear my head  
I'm tempted to get another shorty in this bed  
But I come home instead

'Cause even when I'm mad I'll be wanting to see her  
Wanting to please her, I can't help it, I got it bad  
Yeah, she be trippin' sometimes, she won't listen  
sometimes  
But I'm glad that she's mine, oh, even when I'm mad

Sometimes I swear that I'm gonna walk away  
But ain't no way I could ever stay away, I love you, baby  
Oh 'cause even at your worst I gotta put you first  
We've come too far to put this in reverse, even when  
I'm mad

I don't know how she gets on my nerve  
I really can't see myself committed to somebody else  
All those times I got caught doing dirt  
She could've bounced and shows up on somebody else

But she stayed by my side  
And I came back so many times, yeah  
I can't let one episode

Cancel the show, I'm gonna be there

Even when I'm mad I be wanting to see her  
Wanting to please her, I can't help it, I got it bad  
Yeah, she be trippin' sometimes, she won't listen  
sometimes  
But the fact that she's mine

Oh, even when I'm mad sometimes I swear that I'm

gonna walk away  
But ain't no way I could ever stay away, I love you, baby  
'Cause even at your worst I gotta put you first  
We've come too far to put this in reverse, even when  
I'm mad

I'ma give her everything she needs  
Even when me and her be beefin'  
She would do the same thing for me

Something like that is hard to find  
That's when I'm wrong even when I'm right  
Tryna withhold the love, tryna be cold to her  
I might as well not even try

'Cause even when I'm mad I be wanting to see her  
Wanting to please her, I can't help it, I got it bad  
Yeah, she be trippin' sometimes, she won't listen  
sometimes  
But the fact that she's mine

Oh, even when I'm mad sometimes I'm gonna walk  
away  
But no way I could ever stay away, I love you, baby  
'Cause even at your worst, I gotta put you first  
We've come too far to put this in reverse, even when  
I'm mad
