Like a bum without a banjo  
Like a pimp without his main ho  
Like a field trip and I can't go  
Like a bank account with no dough

And just like me without you  
Baby I know that I'm just good for nothing  
Without you baby I'm just good for nothing  
Need you to save me  
Somethings wrong with me  
Girl if you don't I'm good for nothing  
What am I gonna do with this house and all of this  
cash?  
Tell me  
What am I gonna do?  
I can't live without that ass.  
I'm not even almost, not even half the way  
So girl if I can't have your lovin'  
I'm good for nothing...

Like a cell phone with no signal  
Like the Jacksons without no Michael  
Like rapper that ain't got no flow  
Like the ghetto without no po-po

And just like me without you  
Baby I know that I'm just good for nothing  
Without you baby I'm just good for nothing  
Need you to save me  
Somethings wrong with me  
Girl if you don't I'm good for nothing  
What am I gonna do with this house and all of this  
cash?  
Tell me  
What am I gonna do?  
I can't live without that ass.  
I'm not even almost, not even half the way  
So girl if I can't have your lovin'  
I'm good for nothing...

Maybe you'd stay  
If I got down on my knees and I told you that I got my

shit together  
Maybe you'd stay  
If you see that I done changed and things are getting  
better  
Just overlook the past  
Cause we ain't goin' back  
I'm only thinking about right now  
And one thing that I'm certain of  
Girl, it's you that I can't live without

I'm just good for nothin'  
Without you baby I'm just good for nothing  
Need you to save me  
Somethings wrong with me  
Girl if you don't I'm good for nothing  
What am I gonna do with this house and all of this  
cash?  
Tell me  
What am I gonna do?  
I can't live without that ass.  
I'm not even almost, not even half the way  
So girl if I can't have your lovin'  
I'm good for nothing...

I'm just good for nothin'  
Without you baby I'm just good for nothing  
Need you to save me  
Somethings wrong with me  
Girl if you don't I'm good for nothing  
What am I gonna do with this house and all of this  
cash?  
Tell me  
What am I gonna do?  
I can't live without that ass.  
I'm not even almost, not even half the way  
So girl if I can't have your lovin'  
I'm good for nothing...
