I'll hold you down
Day in, day out
I will be there
Don't you worry girl.

Honey you're the realest.
Body is the illest.
Ooh I like to feel it.
Tell me whatcha missin'.
Baby if ya missin
Something like affection
Walk in my direction
and I'ma lend a helpin'
Hand, I'm the man for you.
Darling understand I got plans for you
More than just a one night stand with you.
Ooh-Ooh ooh it's true.
You could be my boo.
[girl i know]

Girl I know you been hurt
[one time too many]
You say you need love and
[i got plenty]
I bet if we spend a little
[time together]
I could make it better
[i'll betcha]

I'll betcha you aint never been hugged like this.
I'll betcha you aint never been loved like this.
I'll betcha you aint never been kissed like this.
I'll betcha you aint never been treated, needed, wanted
like this.

Tell me what's good tonight
Oh you got some plans
I say you should skip 'em
and Holla atcha man [holla]
Holla atcha man [man]
That's right give me a chance [chance]

To let ya feel the lovin'
as much as you can stand.
Ya man aint fly like me.
He'll never make you smile [no]
not like me.
He'll never drive you out
not like me.
So if you got some style you should run with G
yeah.

Girl I know you been hurt
[one time too many]
You say you need love and
[i got plenty]
I bet if we spend a little
[time together]
I could make it better
[i'll betcha]

I'll betcha you aint never been hugged like this.
I'll betcha you aint never been loved like this.
I'll betcha you aint never been kissed like this.
I'll betcha you aint never been treated, needed, wanted
like this.

I'll kiss it
And make it better [better]
Just tell me
Whatcha scared of.
Whatcha scared of?
I know it aint love.
I think you're scared of getting hurt but don't worry cuz
My love [my love]
Is enough [is enough]
My love [my love]
Is your love [is your love]
And if it's not sinking in [sinking in]
Let me say it again
oooh

I'll hold you down
Day in, day out
I will be there
Don't you worry girl.

Girl I know you been hurt
[one time too many]
You say you need love and
[i got plenty]
I bet if we spend a little
[time together]

I could make it better
[i'll betcha]

I'll betcha you aint never been hugged like this.
I'll betcha you aint never been loved like this.
I'll betcha you aint never been kissed like this.
I'll betcha you aint never been treated, needed, wanted
like this.

I'll hold you down
Day in, day out
I will be there
Don't you worry girl.
[fades out]
