Back 2 the basics yeah(repeating Fading in to the track)

(Ginuwine)

No one can ever take my place,  
Im coming back to make this claim,  
I talk it cos i tote big things,  
And never will i fall off

I work like im broke as hell,  
But still got tucked away 8 mil,  
Could quit if i wanna right now,  
But i wont cos i love it,yes i love it.

(Knight)

You could never take my place  
Im here to stay 'cause my voice shakes  
Ya speakers like bass does,  
Coupe in the driveway,house and boat  
??? in the stash, but i might look  
Broke to the untrained eye, one may try  
Hard to plead the case like son not fly,  
Hoping that i fall off and don't come back,  
But i married the game when i made one stack,  
So you can get used to my face cos i ain't leaving  
I aint going nowhere tonite, stop breathin  
Even when im gone, and my songs on replay  
Still like im here cos i live through the DJ  
Cos this is the game i love, and i here to leave  
A mark like a crayon does, it aint never gon stop  
Thought he was gone but he's back and im with em
