I see you once again when I get the jail and I come home  
To see my family... and you were always there alone  
Incredible, unforgettable, magical day  
But some fantasies have better left if we left em that way but  
If I don't say what I'm building  
It won't never happen will leave and that's...  
If I do say and you feelin it yeah  
That you're in love a little bit, all we need is a little bit.

Chorus:

You're in love a little bit, I'm in love a little bit  
We're in love a little bit...  
I know that it sounds like I'm fool of it  
But girl if you feel it a little bit  
Baby we should be given it a try.  
You're in love a little bit, I'm in love a little bit  
We're in love a little bit...  
I know that it sounds like I'm fool of it  
But girl if you feel it a little bit  
Baby we should be given it a try.

Many memories of you girl used to be faded away  
But every little bit of every time we spent stuck with me  
Stuck with me, stuck with me  
I just can't keep on let it go  
'Cause something in my heart screaming let you know  
If I don't say what I'm feel then it won't never happen  
Will leavin' that step  
If I do say that you're feelin again that you're in love a little bit  
All we need is a a little bit.

Some say I don't really love you 'cause I don't really know you  
But that's not true 'cause my heart has been broken  
... people what thought I knew  
So I... wonderful years  
Wonderful magical... wonderful years...  
Everything if I would have told you that

I'm in love a little bit, you're in love a little bit  
Just a little bit
