Let you ride all through the night

(Breakdown)

I want to feel you close to me

And never will I want to let you go

The feeling of love

Is something that I need?

And this is something you got to know

(Sole)

You already know what kind of girl I am

Need a mean long stroke and a video cam

Cherry floss, high heels I entice my man

Making love by the tub

Playin one of ya jams

Then in front of the mirror watch me work the pole

Then I work you in a chair till I reach my goal

When I bring it to the floor I let you take control

My weakness pretty niggas with big sticks

That do toung tricks

Staring in our own porno flicks

Turn you on like a light switch

Hard as a brick

'cause you lovin how im movin and it's extra thick
Have you anywhere bed, floor, or chair
And you can spank me hard and pull my hair
You see it's all for you im not the type to share
You got dick for dayz and I got ass to spare
SOLE

(Chorus)

I like it

I love it

I want it all the time (sex)

I crave it

I needs it

Its all ways on my mind (sex)

I like it
