It's like you doing a little too much  
Something extra but it's sexy, I like it, yeah  
That's all that matters right?  
Show yo body off, you know? Show off  
(Show off)  
Listen

You been working out lately and I notice  
(Notice)  
And when you walk past, that ass gets me focused  
And I'm matching you go too, the bar  
You, all the clubs ghetto star  
And I just want you too myself

And all the girls be talking about chu  
All they doing is hating on you  
But I don't care what they do  
'Cause all I want is you, girl

So show off, go head and off, show off  
Girl, I'm loving that swag  
From the front to the back  
Why you gotta hurt 'em like that?

So show off, go head and show off  
Lets the haters get mad  
'Cause they ain't that bad, baby it's sexually  
Go head and show off

I see you dancing too the music  
(Music)  
And now you popping, got me wondering  
That's how to do with it

You be swinging them hips  
You be licking yo lips  
You know what you doing, girl  
You better stop it 'cause I'm liking it

And all those other girls be talking about chu  
All they doing is hating on you  
But I don't care what they do

'Cause all I want is you, girl

So show off, go head and off show off  
Girl, I'm loving that swag  
From the front to the back  
Why you gotta hurt 'em like that?

So show off, go head and show off  
Lets the haters get mad  
'Cause they ain't that bad, baby it's sexually  
Go head and show off

(You can)  
Show yo body off, girl  
If you want to  
(You can)  
Go ahead and pose, do what you wanna do

'Cause you know you're the truth  
And I'm really feeling you  
Let's get play in a way they know of

So show off, go head and off show off  
Girl, I'm loving that swag  
From the front to the back  
Why you gotta hurt 'em like that?

So show off, go head and show off  
Lets the haters get mad  
'Cause they ain't that bad, baby it's sexually  
Go head and show off

So sexy, so sexy oh, oh, oh  
Everything about you  
Show off, show off
