I am life I am your birth I am god's gift to man on earth I smile in lace and pearls I sacrifice I save the world quanto ci vorr? per capire che una donna ha l'universo in s? nel suo seno c'? l'immortalit? non? possesso ma? la sua femminilit? I am the reason you're living and breathing let my body comfort you whenever you need it I am a woman I feel your desire turn around and multiply it taking you higher bearing your children I fight your oppression as I tend to all your needs you block my expression still I console you I can not be broken as I lift the world I hear your reverence unspoken when I go to work I am underpaid you're telling me my worth is not the same and you know what's worse I underestimate the value of my life on your domain isn't it so strange that all through history women of the world fight inequality the very one who gives the very life you live becomes the fugitive what irony non lo trovi strano che in tutta la storia del mondo le donne abbiano sempre combattuto per la vita la gioia la creazione in questo mondo che? spesso per loro solo una prigione I am life I am your birth I am god's gift to man on earth I smile in lace and pearls
