He's a good lad
A little bit shy, so you'll try and have to understand
Such a good lad
Just for a while a guy'll need a helping hand

His words are hard to follow, but his heart has found a way
To show you the things that he never could say

He's a good lad
A little bit wild but his style is really gentle and kind
He ain't so bad
Right to the end he's a friend, about the best you can find

As you come to know him and his needs are comin'
through
You'll flash on the day I was talkin' to you

And he needs somebody to love
Yes, he needs somebody to be worthy of
He's a good lad

He's a good lad

If you come to want him, like I know he wants you too
You'll see all the things I was sayin' are true
Tellin' the truth

'Cause he needs somebody to love
Yes, he needs somebody to be worthy of
He's a good lad

Maybe he's wild but his style is really gentle and kind
He's a good lad
You need a friend, he is and about the best you can find
He ain't so bad

Little bit shy, so you'll try and have to understand him
He's a good lad, good lad
Just for a while the guy'll need a helping hand

He's a good lad, good lad

Maybe he's wild but his style is really gentle and kind
You need a friend
