I'm a fake  
I can't ever write my own lyrics  
Maybe it's because i don't have any imagination  
I'm a fake

I listen to weird music  
Music that no one has heard about  
Maybe it's because i want to be different.  
I'm a loner

I believe in god  
Sometimes i even read the bible  
Maybe i should become a catholic or a baptist  
I'm religious

I never tell the truth  
Not even to myself  
Maybe i just need attention  
I'm a liar

I eat candles  
And sometimes i eat worms  
Maybe i just need a shrink  
I'm mentally disturbed

I bet you didn't see that one coming?  
Haha
