To the world you were just a person  
But to us, you were our world  
And not a day goes by  
That I still don't hear your voice in the wind  
That I still don't hear your voice in the wind

And not a day goes by

In a heartbeat, time was taken  
And if only I could bring back yesterday  
I would know what to say  
(What to say, what to say, what to say)

In a heartbeat, time was taken  
And if only I could bring back yesterday  
I would know what to say  
(What to say, what to say, what to say)

As I stare out to sea  
I hear your voice on the wind

"There's nothing better than the ones  
Who will always be there for you  
No matter how far away... they seem to be"

And the boat sails on, the boat sails on and on and on
