Been in this place for just a short time  
up from the country to have a good time - in the city.  
Every job he takes he's used and abused  
by boss-men want him to lick their shoes - in the city.

Underdog  
underdog  
you're an underdog

an' that's the way  
that's tha way you're gonna stay.

Every girl he's met's him so upset  
treating him bad with no sign of regret - they don't care  
so he went to a brothel to pay for love  
the whores looked at him started to laugh - so unfair.

Underdog  
underdog  
you're an underdog

an' that's the way  
that's tha way you're gonna stay.

Underdog  
underdog  
you're an underdog

an' that's the way  
that's tha way you're gonna stay.

Kick him to the floor  
Then you shut the door - underdog.

I must confess as it's for the best  
I'm the underdog that was in this mess - before  
but now I see where I've been going wrong  
an' so I've changed into someone strong  
for sure.

Underdog  
underdog

what a joke  
I was dreaming 'till I woke an' saw
