This is what we've worked for all our lives  
Reaching for the highest goal we can  
We choose to give it all

When competition calls  
Time records the victory in our hearts  
To win or lose is not the only thing  
It's all in how we play for the fairest game  
This is the chance we take  
Reaching for the top  
Time records the victory in our hearts

To be number one...  
Running like the wind  
(Like the wind)

Playing hard but always playing fair  
(Oh yeah...)

To be number one...  
Winning again and again  
Reaching higher through Italian sky  
(Through Italian sky)

This is what we've wanted all our lives  
Shining like a shooting star at night  
We've got to give it all  
When we hear the call  
Time records the victory in our hearts

To be number one...  
To be number one...number one...
