Here we are again
It's like groundhog day again
The most simple words we say
Come out wrong anyway
And these loving arms of mine
Don't know how to mend
What we're about to break

Sometimes I think
Loving you seems more like fate
Than it is a choice
Loving you is more than fate
We need to rejoice

Now wait a minute just drop it
Drop the gun, drop the gun 2x

Here we are again
All the reason's gone again
How it's easier too hurt
Someone you know so very well
And your loving arms can't find
A way to mend
What we're about to break

Sometimes I think
Loving you seems more like fate
Than it is a choice
Loving you is more than fate
We need to rejoice

So wait a minute just drop it
Drop the gun, drop the gun 2x

I just wanna hold you, I just wanna hold you,
Be quiet so I
Can make the world stand still tonight

But we're letting our emotions get in the way
Emotions get in the way
we're letting our emotions get in the way

Emotions get in the way

Loving you seems more like fate
Than it is a choice
Loving you is more than fate
We need to rejoice
