Calaverada (Escapade)

Amor vivir, amor llorar
Un dia suelta de felicidad
Si yo no te encuentro yo solo pol la calle
Amor vivir, amor llorar
Un dia suelta de felicidad
Si yo no te encuentro yo solo pol la calle

Yo quisiera hoy saber
Eres todos como amigos
Yo quisiera hoy saber
El motivo que tu tienes

Amor vivir, amor llorar
Un dia suelta de felicidad
Si yo no te encuentro yo solo pol la calle

*****translated text*****

Love to live, love to cry
A day without happiness
If I don't find you alone in the street
Love to live, love to cry
A day without happiness
If I don't find you alone in the street

I would like to know today
If you are all as friends
I would like to know today
The motive that you have

Love to live, love to cry
A day without happiness
If I don't find you alone in the street
