Te vi gitana morena
Caminando por la plaza
Sola en el reflejo de la luna
Con mi guitarra y cantando
Y yo con mi guitarra alli cantando
Para ti hermoso
Y tu te pones a bailar
Con gracia y alegria

Mira la gitana mora
Mira, mira como baila
Siguiendo el compas de la guitarra
Siguiendo el compas gitano y moro

Mira la gitana mora
Mira, mira como baila
Siguiendo el compas de la guitarra
Siguiendo el compas gitano y moro

El arte que tu tienes
Y de tu forma de bailar
Me da la gana de cantar
Por ti yo lo tengo en el sangre

Y en la luna de la manana
Despues de tantas horas con tu recuerdo
El arte que tu tienes
Y de tu forma de bailar

Mira la gitana mora
Mira, mira como baila
Siguiendo el compas de la guitarra
Siguiendo el compas gitano y moro

Mira la gitana mora
Mira, mira como baila
Siguiendo el compas de la guitarra
Siguiendo el compas gitano y moro

Te vi gitana morena
Te vi mujer morena
Caminando por la plaza

Sola en el reflejo de la luna
Con mi guitarra y cantando

Y yo con mi guitarra alli cantando
Para ti hermoso
Y tu te pones a bailar
Con gracia y alegria

Mira la gitana mora
Mira, mira como baila
Siguiendo el compas de la guitarra
Siguiendo el compas gitano y moro

Mira la gitana mora
Mira, mira como baila
Siguiendo el compas de la guitarra
Siguiendo el compas gitano y moro
(translation)

I saw you dark gypsy woman
Walking through the plaza
Alone in the reflection of the moon
With my guitar and singing
And I with my guitar there singing
For you beautiful one
And you begin to dance
With grace and happiness

Look at the dark gypsy woman
Look how she dances
Following the beat of the guitar
Following the gypsy and moorish beat

Look at the dark gypsy woman
Look how she dances
Following the beat of the guitar
Following the gypsy and moorish beat

The art that you have
And your way of dancing
Gives me the urge to sing
Because of you I have it in my blood

And in the morning moon
After so many hours with you memory
The art that you have
And your way of dancing

Look at the dark gypsy woman
Look how she dances
Following the beat of the guitar
Following the gypsy and moorish beat

Look at the dark gypsy woman
Look how she dances
Following the beat of the guitar
Following the gypsy and moorish beat

I saw you dark gypsy woman
I say you dark woman
Walking through the plaza
Alone in the reflection of the moon
With my guitar and singing

And I with my guitar there singing
For you beautiful one
And you begin to dance
With grace and happiness

Look at the dark gypsy woman
Look how she dances
Following the beat of the guitar
Following the gypsy and moorish beat

Look at the dark gypsy woman
Look how she dances
Following the beat of the guitar
Following the gypsy and moorish beat
