Weren't you the one who said
That you don't want me anymore
And how you need your space
And give the keys back to your door

And how I cried and tried and tried
To make you stay with me
But still you said that love was gone
And that I had to leave

Now you talkin' 'bout a family
Now you sayin' I complete your dream
Now you sayin' I'm your everything
You're confusin' me, what you say to me
Don't play with me, don't play with me

'Cause what goes around, comes around
What goes up, must come down
Now who's cryin', desirin' to come back to me

What goes around, comes around
What goes up, must come down
Now who's cryin', desirin' to come back

I remember when I was sittin' home alone
Waitin' for you 'til three o'clock in the morn
And when you came home
You'd always have some sorry excuse

And explainin' to me like I'm just some kinda fool
I sacrifice the things I want just to do things for you
But when it's time to do for me, you never come
through

Now you wanna be a part of me
Now you have so much to say to me, hey
Now you wanna make time for me
What you do to me, you're confusin' me
Don't play with me, don't play with me

What goes around, comes around
What goes up, must come down

Now who's cryin', desirin' to come back to me

What goes around, comes around
What goes up, must come down
Now who's cryin', desirin' to come back

I remember when I was sittin' home alone
Waitin' for you 'til three o'clock in the morn
Night after night, knowin' something goin' on
Wasn't home before I, [Incomprehensible] gone

Lord knows it wasn't easy, believe me
I never thought you'd be the one that would deceive me
And never do what supposed to do
No need to [Incomprehensible] 'cause I'm over you

What goes around, comes around
What goes up, must come down
Now who's cryin', desirin' to come back to me

What goes around, comes around
What goes up, must come down
Now who's cryin', desirin' to come back to me

What goes around, comes around
What goes up, must come down
Now who's cryin', desirin' to come back to me
Gotta stop tryin' to come back to me

What goes around, comes around
What goes up, must come down
It's called Karma, baby and it goes around

What goes around, comes around
What goes up, must come down
It's called Karma, baby and it goes around

What goes around, comes around
What goes up, must come down
Now who's cryin', desirin' to come back
