She's walking her way  
no fear of what to say  
her eyeliner's thick.  
Cast shadows night and day.  
She's always looking forward,  
always looking forward.  
Limelight calls out, Don't stray.

What's her name?  
What's her name?  
Everyone this is Joannie baby.  
She's running away to the city.

Just a spit shine your boots  
never succumb to suits  
Her bashful attack.  
While loving life's new rhymes.  
She's always looking forward,  
always looking forward.  
Lights they stay in her mind.

What's her name?  
What's her name?  
Everyone this is Joannie baby.  
She's running away to the city.

We're walking her way  
fumbling just what to say  
just stand back and clap.  
She's crazy.  
We're insane.  
She's always looking forward,  
always looking forward.  
Spotlight calls out, Don't stray.

What's her name?  
What's her name?  
Everyone this is Joannie baby.  
She's running away to the city.  
She's running away to the city.  
She's running away to the city.
