With your eyes you will gaze
Mysterious I'll say
Will you be my race car driver?

Of all your first mistakes
Am I the best to make?
Will you be my race car driver?
Driver
Driver
Will you be my race car driver?

But why?
Why crash when there's so much to say?
But why, why?
We will not crash today
We will not crash today
We will not crash

Your words they will meet me
Inside my favorite dreams
You know you're just like me
We'll scream We'll sing until we can be

Will you be my race car driver?
Driver
Driver
Will you be my race car driver?

But why?
Why crash when there's so much to say?
But why, why?
We will not crash today
We will not crash today
We will not crash

Skip through the CD
'Til you hear the words
Which will catch your ears

You are the sweetest pain
You are the sweetest pain

I say pain because
I know the clock has struck midnight
So I will go back to my hole
And wait for you driver

You know you're just like me
You know you're just like me
You know you're just like me
You know you're just like me
