

## Girl's Day "Problem"

Visit "[Problem](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Everybody gets, gets a fair try  
you alright with me, 'til you tell a lie and  
from the top, you seemed, like a different kind of guy  
Did your own thing, I gave it a try. (And you)

Told Me you're catching feelings  
Kind of unusual.  
Don't let no women ever, see this side of you  
I'll admit, you had me going,  
thinking that this was the move  
until I seen another girl on you.  
Kissing you.  
Now you're bridge is burned.

Aha Aha, guess there's something wrong about him  
Aha Aha, looks like now, we got a problem.  
Cuz I got a faker on my hands,  
Aha  
I got a jabba on my hands.  
I got a faker on my hands  
Aha  
I got a liar on my hands.

Told my girls, I wanted truth  
Imma stay calm  
Ill just wait 'til later,  
then give him a call.  
Now he's tryin to convince me that I didnt see what I  
saw.  
Youre the one on defence,  
cuz you just broke the law

Tellin me your all about me  
And no other girl will do  
But boy one thing about me is  
I ain't a fool  
But I'll admit you had me goin  
Thinking that this was the move  
Until I seen that girl all on you  
Kissing you  
Now your bridge is burned

## Chorus

Drop it to the floor  
Oh you got it right this time  
You got a player on your hands  
But if its to hot for ya  
Then drop it to the floor

Watcha know about  
Being up in the club  
With a another girl  
Gettin caught up  
You know ur gonna pay  
Ya gotta plead your case  
I'm coming your way  
What you gonna say

\*Flo Rida Rap\*

Uh huh u huh  
I guess I was wrong about him  
Uh huh uh huh  
It looks like now we gotta a problem  
'Cause I gotta  
A faker on my hands  
I gotta a jabba on my hands  
I gotta faker on my hands  
I gotta lil liar on my hands
