Electric (x4)

[Verse 1]

Your feelin' alive,
you gotta go out
and lose control now.

(uh huh,uh huh)

Your catchin' the vibe,
its no infectious
and now contagious.

(uh huh,uh huh)

Oh you gotta,
You wanna get into
the club has started
an epidemic.

[Chorus]

The records spinnin' like its stuck in the groove,
and the dance floors callin' like its waitin' for you,
so the D.j's spinnin' like its something to prove,
so just go head and shake your body
if you came in hear to party.

Your thinkin' that you don't wanna dance
but the more you fight it
its the more that you can
and its so hypnotic that its takin' control
so take as much as you can get
but don't be shy coz its electric.

(electric)

[Verse 2]

They're lookin' at you,
its kind of guilty
I'm feelin' filthy

(Oh Yeh)

Your standin' accused,
of sexy motion
with cool intensions.

Oh you did it,
coz everybody's commin'
down with it
an epidemic.

(chorus)

[Bridge]
I feel it surroundin' me,
I'm stuck in reality,
its everywhere I go, and you go (x2)

(chorus x1)
