I can be your superhero; I'm here to save the day  
Or I could be your doctor, and take your pain away  
So come and change the channel, I'm all yours to  
explore  
So keep watching babe, watching baby  
You are my control

(ALL)

I can be your television (Tu-Turn me on, take it off)  
Anything that you envision (Tu-turn me on, take it off)  
I can be your television, it's rated RPG  
Anything you wanna see  
I'm your Personal TV

I can be the one to turn you on  
I can be the one to take it off  
I can be the one to turn you on, and take it off, and  
turn you on, and take it off  
I can be the one to turn you on  
I can be the one to take it off  
I can be the one to turn you on, and take it off, and  
turn you on, and take it off

(NIC)

Fix my signal, and come make the static clear  
Cuz I'm b-b-b-breaking up  
Push my buttons, and your fantasy appears (Let's go)

(CHRYS)

You can be your own director, and tell me what to do  
So come make your selection, and I will fall for you  
So come and change the channel, I'm all yours to  
explore  
So keep watching babe, watching baby  
You are my control

(ALL)

I think it's time you knew  
Exactly what I wanna do  
Set you out on the bedroom floor  
Make you scream "Can't take no more"  
I don't do this usually; it's something that you do to  
me  
It's new to me, so tell me what's it gonna be  
Ow!

(ALL)

(Oh) I'm your TV  
(Oh) Your TV
