(Chorus)

So why don't you save the world tomorrow?  
And be my lover tonight,  
And I beg you to save me from my sorrow,  
You're the only man who loves me right,

(Verse 1)

The favourite part of my day is when you're here,  
I know when you're near,  
I'm losing control,  
Whisper something outrageous in my ear,  
I'll hear you loud and clear,  
I want you more than you know,

(Chorus)

So why don't you save the world tomorrow?  
And be my lover tonight,  
And I beg you to save me from my sorrow,  
You're the only man who loves me right,

(Verse 2)

You can feel the heat from my body ,  
Through my clothes,  
My passions explode,  
I can't let it go,  
You can be the director,  
Run this show,  
As long as you grab a hold,  
Of my body and soul,

(Chorus)

So why don't you save the world tomorrow?  
And be my lover tonight,  
And I beg you to save me from my sorrow,  
You're the only man who loves me right,

(Hook)

Baby come and save me now.  
I need you to come save me now.  
And I'll almost do anything,  
If you would rescue me again,  
I'm hot like fire,  
You're my desire,

Baby I need you here with me,

(Chorus)

So why don't you save the world tomorrow?

And be my lover tonight,

And I beg you to save me from my sorrow,

You're the only man who loves me right,

Put your bags down and close the door,

You gotta save me, then save the world.

Been waiting all day, can't wait no more,

You gotta save me, then save the world.

(Fade)
