I'm going to pick you up baby, throw you over my
shoulder
Take you away; I'm going to carry you home
To Carolina, Carolina
Away to Southern Carolina
And then I'll never let you go

So many people want to leave; I don't know why they
don't just go
Let's get out of here; I want to carry you home
To Carolina, Carolina
Away to Southern Carolina
And then I'll never let you go

To Carolina, Carolina
Away to Southern Carolina
And then I'll never let you go

To Carolina, Carolina
Away to Southern Carolina
And then I'll never let you go
